Railway Supplier Summit

Revolutionizing Railway Supply Chains: Embracing Sustainability and High-Tech Innovations for a Greener Future

Demand for mobility is growing! The most sustainable transport mode will become much more important in a sustainable future. The digital transformation of the railway sector goes hand in hand with the ongoing electrification of passenger and freight transport.

The ball is now in the supply chain's court to make climate-neutral rail transport possible! New and goal-oriented partnerships are essential to stay competitive in a climate-neutral economy. Meet new leading-edge suppliers at the 2. RAILWAY Supplier Summit 2024.
