

Autonomous and electrical driving in Barcelona

In cooperation with **SEAT** and **CIRCONTROL**

Date: **14th November 2022**

Time: From 14.00 to 21.00 hrs.

As part of the activities done to promote exchanges and cooperation between the metropolitan regions of Berlin and Barcelona, ACCIÓ, InterConnect and Berlin Partner want to invite you to an event on autonomous and electrical driving that will take place in Barcelona on 14 November, the day before the [Smart City Expo](#) and the [Tomorrow Mobility](#) World Congresses open their doors.

The event starts with a visit to the company [CIRCONTROL](#) (located near Barcelona), one of the leading European companies producing electrical vehicles' charging solutions, followed by a seminar and networking event that will take place in Barcelona. [SEAT](#) together with representatives from Berlin and Barcelona will provide interesting insights into the future electrical and autonomous mobility world.
